

NST 2019-20/Mphil (জীব ও চিকিৎসা বিজ্ঞান গ্রুপ)					
Serial	Name	Mobile	University	Department	Research Title
1	Salwa Prodhan	1553678773	RU	Zoology	Toxicity of formaldehyde and formation on the development of ovary and oocytes in adult clatty somya mega aphale
2	Mst. Umme Laila Urmi	1725996390	JU	Microbiology	Determination of Residual Antibiotics in Poultry Meat Value chain related to acquisition of resistant
3	Amit Datta	1840159604	CU	Genetic Engineering & Biotechnology	Studies on the development of submergence and salinity tolerant rice variety through genetic manipulation
4	Md. Abdul Basset	1731652595	JU	Public Health & Informations	Impact Assesment of Tannery Effluents on the Quality of environmental sample and human health through advance laboratory and pathological investigation
5	Rumanna Roshni	1781022893	RU	Psychology	Mental Health and Hope of the students ethnic minority group of the university of Rajshahi
6	Fariha Ferdous	1737246886	DU	Biochemistry & Molecular Biology	Proteomics analysis of placentas may reveal the underlying cause, biomarkers and therapeutic targets for recurrent pregnancy loss
7	Md. Mizanur Rahman Mamun	1611765432	RU	Biochemistry & Molecular Biology	Evaluation of anticancer and antibacterial properties of lectins from plants
8	Shuva Das	1717186475	CU	Genetic Engineering & Biotechnology	Study on the role of genetic polymorphisms and gene expression patterns in SLE pathogenesis among patients of Chittagong Region of Bangladesh
9	Jannatul Ferdous badhon	1777511126	JUST	Microbiology	A study to identify the association of Gastrointestinal infection with the incidence of Gullain Barre Syndrome in Bangladesh
10	Latifa Howlader	1720012340	RU	Biological Science	Factors concerned for comprehensive care of children with cleft lip and palate
11	Dr. Faria Farhin	1736115215	BSMMU	Microbiology	Identification of Candida species and detection of phospholipase activity from oral candidiasis in patients with hematological malignancy
12	Md. Mobarak Hossain	1738068891	RU	Psychology	Subjective well being of urban and rural people as a function of gender, education and income
13	Most. Sadia Akter	1742068353	DU	Zoology	Efficacy of Bacillus thuringiensis var israelensis agains Rice Weevil, silophylus oryzae and spottted snake head fish channa punctata
