

NST 2019-20/PhD (নবায়ন গ্রুপ)					
Serial	Name	Mobile	University	Department	Research Title
<b>কৃষি ও খাদ্য</b>					
1	Mohammad Abdul Kaioum Mojumdar	1915176320	SAU	Agronomy	Introduction and Characterization of Perilla for increasing edible oil production in Bangladesh
2	Shuma Rani Ray	1733644895	BSMRAU	Genetics & Plant Breeding	Genetic Analysis for Salt Tolerance in Rice through Biochemical and Physiological
3	Sanjoy Kumar Paul	1717838085	BSMRAU	Biotechnology & Genetic Engineering	Modern Biotechnological Approaches for the Management of Frearsome Wheat Blash Disease Caused by magnapothae oryzae Triticum pathotype
4	Muhammad Abu Talha	1734380801	SAU	Entomology	Integrated management practices against the infestation of spodoptera litura in tropical sugarbeet
5	Nasrat Jahan Shelly	1717450037	SAU	Genetics & Plant Breeding	Studies on the genetic parameters related to yield, oil content and oil quality characteristics of Brassica rapa
6	0	0	0	0	0
7	Aklima Khatun	1916566262	SAU	Agronomy	Role of Biostimulants and plant nutrients in improving productivity of rice under different regimes
8	Most. Naznin Sultana	1710440038	SAU	Horticulture	Technology Development for seedling and commercial flower production of lisianthus in Bangladesh
9	Al-Minan Noor	1716151249	BAU	Aquaculture	Potency of wheat sprout and powder as feed supplement for rohu and grass carp fingerlings rearing in laboratory condition
10	Md. Didarul Alam	1712829961	BAU	Agricultural Extension Education	Farmers Rice Seed Security in Bangladesh: Present status and challenges
11	Muhammad Shahadat Hossain Siddiquee	1753896598	BSMRAU	Agroforestry & Environment	Monitoring Drought and Flood Using Remote Sensing and GIS
12	Md. Tanvir Kamal	1739194294	BAU	Animal Science	Investigating the use of total mixed ration for balanced and safe livestock feed production
13	Md. Sadekur Rahman	1717142871	BSMRAU	Agricultural Extension and Rural Development	Mobile Technology and Women Empowerment: An Exploration of Rural agricultural Farm Enterprise Development in Bangladesh
14	Nowrin Islam Toma	1735881960	BAU	Agricultural Economics	Improving Farmers livelihood through using solar home system in some selected areas of Bangladesh
15	Md. Rashidul Hasan	1712252819	BAU	Agribusiness & Marketing	Gender in value chain analysis of rice in Bangladesh
16	Wasim Sabbir	1627151256	RU	Fisheries	Sustainable Fisheries management in the Rupsha River of Bangladesh considering the emerging climate change
17	Urmi Saha	1715402886	BAU	Biotechnology	Detection of drought tolerant gene(s) in rice mutants through next generation sequencing

Serial	Name	Mobile	University	Department	Research Title
18	Md. Shahjahan Ali Sarker	1716480270	BAU	Microbiology & Hygiene	An integrated approach to develop Anthrax-free model area in Bangladesh
19	Md. Mizanur Rahman	1718647659	BAU	Medicine	Molecular diagnosis of brucellosis in dairy lactating cattle of military farms and its public health importance in Bangladesh
20	Mohammad Shadiqur Rahman	1711364467	BAU	Fisheries Management	Toxicity of organophosphate insecticide sumithion on plankton community and fish larvae in aquaculture ponds
21	Farhana Sharmeen	1816899074	BSMRAU	Genetics & Plant Breeding	Inheritance of Agronomic and quality traits in Chilli
22	Homayra Huq	1911305025	BAU	Biotechnology	DNA Profiling, Inbred Line Purification and Hybrid Development in Ridge Gourd
23	Md. Rahamot Ali	1727543102	BAU	Agricultural Extension Education	Extension of Sandbar Cropping System and its implications in labour utilizations and migrations in Char Land
24	Tuhin-Al-Ferdous	1717024552	BAU	Microbiology & Hygiene	Isolation, identification and molecular detection of selected probiotic bacteria from broiler chickens and their evaluation for the development of potential probiotic
25	Mohammad Lutfur Rahman	1710586058	BAU	Fisherires Management	Regulation and functional analysis of gonadotropin-inhibitory hormone system in the lunar synchronized spawning of puffer fish
<b>জীব বিজ্ঞান গ্রুপ</b>					
26	Md. Serajur Rahman	1719460040	RU	Biological Science	Varietal improvement of mulberry in Bangladesh through conventional and biotechnological approaches
27	Nadia Zebin Khan	1717454232	DU	Biochemistry & Molecular Biology	Identifying the linkage between genetic mutation of tubulin B-8 gene and female infertitiy in Bangladeshi Population
28	Amina Khatun	1937810503	DU	Botany	Seed borne mycoflora of different varieties of cotton and their management
29	Taiyeba Tanjina	1557892996	DU	Zoology	Larvicidal effects of leucas aspera wild plant extracts of cluex quinquefasciatus
<b>ভৌত বিজ্ঞান</b>					
30	Gulam Md. Munna	1712509851	SUST	Civil & Environmental Engineering	Flood Hazard Assessment and its management for Sylhet city using Mathematical Model
31	Md. Moynul Islam	1731412402	RU	Applied Chemistry & Chemical Engineering	Electrodepositions of Cr, Cd, Zn, Se, Te and their binary alloys from deep eutectic based ionic liquids
32	Musammat Shahinara Begum	1717842501	BUET	Water & Flood Management	Assesment of urban roof top agriculture as a green technology for adaptation to climate changes
33	Dilruba Yesmin	1724440994	RU	Environmental Sciece	Status of black point disease of wheat and its eco-friendly management with botanical fungicides in northern part of Bangladesh

Serial	Name	Mobile	University	Department	Research Title
34	Md. Emamuddin	1922070874	JU	Physics	Waves & Instabilities in Self-gravitational Dusty Magnetoplasmas
35	Md. Abu Sayid Mia	1838222294	DU	Applied Chemistry & Chemical Engineering	Development of ultrasound Assisted Eco-friendly Leather processing techniques
36	Jesmin Ara Khatun	1737645552	RU	Environmental Sciece	Eco-friendly management of Aphid with Botanical pesticides in Experimental Bean Field at Rajshahi, Bangladesh
37	Md. Safiqul Islam	1724048736	JU	Environmental Sciece	Extraction of Active Ingredients from some locally available insecticidal plants in Bangladesh and theirr application on Crop-lands: A practice of Green Chemistry
38	Ferdusee Akter	1712382840	CUET	Mathematics	A Computational Model on Pore Formation and its effect on food quality during convective drying
39	Mohammad Kamal Hossain	1716275984	SUST	Statistics	Trends and Pattern of population Ageing: Potential Socio-Demographic Consequences in Bangladesh
40	Md. Sayedul Islam	1537013457	BUET	Chemistry	Dendrimer Assisted Synthesis of Bimetallic nanoparticles and their catalytic applications
41	Mohammad Salah Uddin	1911614515	SUST	Mathematics	A study on pseudocomplemented ordered sets and its applications to Graphs
42	Imana Shahrin Tania	1742691314	BUET	Mechanical Engineering	Improvement of Mechanical and Functional properties of cotton fabric treated with nonoparticles
43	Abu Shahed Mohammad Moinuddin	1716636643	RU	Applied Mathematics	A Study of Relativstic Plasmas near black holes
